

# SONETT Scouring Powder

Pure vegetable surfactants

- Effortlessly removes stubborn soiling without scratching. Not suitable for acrylic glass.
- Fragrant scent of sage and cajuput, certified organically grown
- 100 % biodegradable

**Dosage:** Apply sparingly with a damp sponge, cloth or brush.

**Special uses:**

- Sooty fireplace viewing panels
- Pots with residues of scorched food
- Glass-ceramic hobs
- Plastic garden furniture

**Ingredients as per Regulation (EC) No 648/2004:** >30 % pumice powder from volcanic rock, an effective and mild scouring material; 5-15 % soda; 5-15 % alumina, increases cleansing performance thanks to its excellent swelling capacity and binding strength; 1-5 % soap from vegetable oils\*, alkaline substances with grease- and dirt-dissolving effects; <1% essential oils of sage and cajuput\* (contain linalool\* and limonene\*), balsamic additives\* / Contains sage oil, cajuput oil. May produce an allergic reaction.

\*certified organically grown / collection from wild growing plants

**Manufacturer:** Sonett GmbH · Mistelweg 1 · D-88693 Deggenhausen Tel. +49 (0)7555 92 95 0 · [www.sonett.eu](http://www.sonett.eu)

**When filling in bottles provided by customers, the manufacturer's product liability expires if the containers are unsuitable or unhygienic.**
